ABOUT ME

Loving and caring for my animals is my therapy!

I have 3 dogs, 5 cats, 2 goats, 2 sheep and a very naughty donkey which keep me very busy.

I look forward to finding out more about you.

Sarah

PROFESSIONAL AND PERSONAL EXPERIENCE.

I am an experienced teacher with over 15 years, predominantly as a SENCO in a pupil referral unit working within a multi-disciplinary team providing rehabilitation.

I was dedicated to maximising individual learning and balancing groups to accommodate different academic levels. This was achieved by adapting teaching methods and materials so that my students could engage and I could meet their individual needs.

I also have experience teaching in the prison service, providing functional skills to my students.

In 2017 I completed my training as a CPAB counsellor and worked with Victim support in their homicide team supporting families that were struggling with trauma.

I am also a talking and drawing therapist for children, young people and adults.

My biggest achievement is my 24 year old son. At 9 after many years of struggling and difficulties with education he was diagnosed with Autism.

We faced every battle and obstacle from education and from our community. He had a 1:1 at school but it was limited support and there was no support outside school for either him or myself.

As a parent each day was a challenge there were no social groups or events where we were accepted.

Now as an adult he functions in society, he achieves at work and is accepted amongst his peers.
